HEALTHCARE FOODSERVICE WORKERS' WEEK

Healthcare Foodservice Workers' Week is observed every year in the first week of October. During this week, foodservice workers in the healthcare field are celebrated for their hard work and dedication. Their skills play a significant role in the day-to-day operations of our community. Each meal is carefully thought out and made to fit the needs of each and every community member. They are trained to prevent food related illnesses and are constantly adapting to the changes that take place in a healthcare setting. We truly appreciate our Dining team here at St. Monica's. Please join us in thanking them for their hard work!

BREAST CANCER AWARENESS

October is Breast Cancer Awareness month and it began in 1985 as a partnership between the American Cancer Society and the pharmaceutical division of Imperial Chemical Industries. It is an annual campaign to raise awareness about this disease as well as raise money to fund research into its causes, treatment, and cure. Those with breast cancer and survivors are celebrated and encouraged to share their stories. Donations can be made on the National Breast Cancer Foundation website at <https://www.nationalbreastcancer.org/>.

OKTOBERFEST AT ST. MONICA'S

Also taking place this month is Oktoberfest! Join us on Tuesday, October 18th at 11:30 am for a special luncheon in the Dining Room. We will be serving brats, sauerkraut, and good ol' German beer.
